

Veterinary Technicians Wanted!!

Veterinary Medical and Surgical group – Orange County (VMSG-OC), located in beautiful San Juan Capistrano, is looking for additional technicians to join our growing, enthusiastic team. We are currently expanding our technician teams in Emergency and Critical Care, Internal Medicine and Surgery.

VMSG-OC provides veterinary specialty and emergency care with core practice values based on Integrity, Quality, Compassion and Service. We are seeking team members who share our philosophy and have a strong desire to provide progressive veterinary care to our patients and clients. VMSG-OC is dedicated to the development and advancement of our technical team, with a supportive and highly experienced support team, an on-site CE program, and a generous annual CE stipend to foster your ongoing learning.

We are currently seeking **Registered Veterinary Technicians and Veterinary Assistants** with a minimum of 1 year experience. Specialty practice experience is not mandatory for the motivated individual with a good technical background and a positive personality. Multiple shift schedules are available to accommodate your lifestyle. Specific position duties and responsibilities are available upon request.

Are you ready to join a progressive veterinary team that prides ourselves on the care we provide to both our patients and our clients?

For immediate consideration, please email your resume to

Sofia Dutton, Hospital Manager (SDutton@vmsg.com),

or call her directly at [949-201-4100](tel:949-201-4100),

to discuss the possibilities of joining the VMSG-OC team!
