RECRUITING

LICENSED VETERINARY TECHNICIAN

If you are a Licensed Veterinary Technician who can be licensed in the state of WA that is now ready in their career to take on a leader role for our hospital, you will want to talk to us. Renton Veterinary Hospital has been serving the Renton, WA area since 1941. We are the local Animal Hospital catering to the needs of small animals and exotics, from medical care, to grooming and boarding. We pride ourselves in the care we deliver to our clients and patients. As a Licensed Veterinary Technician in our hospital you are the integral team member to the quality patient care we deliver. If you are someone who can multi-task, remain calm, take charge in a busy environment and clearly communicate with our staff and clients, and are ready to lead a Team then we want to talk to you. Requirements for the right Leader are:

Minimum of 1 year of experience in a small animal veterinary practice

Ability to take radiographs, induce anesthesia, and dental prophylaxis

Ability to augment client services via discharge appointments or other Tech appointments

Maintain medical inventory and ordering hospital supplies

Maintain medical standards by supervising staff assistants for all medically related tasks

Work as part of the management team for the Hospital

Able to stand for long periods, lift at least 50 pounds and work 8 hour shifts

Able to work some Saturdays

This position is Full-Time with scheduling between 36 – 40 hours per. Licensed Team Members are eligible for health benefits from hire date including Medical (Paid by Hospital for Team Member), Dental and PTO after 6 months, matching retirement fund, Holiday pay (even your Birthday off!), license renewals, Continuing education allowance and discounted veterinary care for your animal(s). Relocation Bonus is included for the right candidate.

If you are interested please forward your resume along with a personalized cover letter to rentonvet@yahoo.com – SUBJECT: LVT Position.
